

Mini Golf Design Team

Want to design your own mini put hole on or around your campsite? Sign up by July 20th to design and build a mini golf hole as part of our Shelter Valley Mini Golf on Aug 3rd (1-3pm)!

How does this work?

- We will hand out park maps with the hole locations and score cards (players will receive these at the store and hand them back in with scores for prizes)
- Each hole must have a starting spot and ending spot
- Someone must be sitting at your mini golf hole during the event
- Hole designs can be as simple or creative as you decide (ideally aim for 5 or less shots)
- Mini golf designs can not block roadways, walkways, buildings, etc
- We will help find golf putters and golf balls for those who do not have some (these supplies will be at each hole and not carried around with the players.)
